

OBJECTIVES

Ensuring accessibility for people with disabilities

Promoting digital skills among people with disabilities

Promoting digital employment among people with disabilities

PARTNERS

DIGITAL

PUSH

PROJECT

This project strives to promote accessibility, digital skills and employment opportunities for people with disabilities in order to reduce the digital divide and ensure their inclusion in the rapidly evolving digital economy influenced by the technological revolution and the COVID-19 pandemic.

www.digitalpushproject.eu/

IMPLEMENTATION

Development of the theoretical and practical material to use by teachers, professionals and volunteers who work with IDPs

Development of digital labs (practical methodology for learning the digital tools developed in the manual)

Local training activity

RESULTS

Digital PUSH manual

Digital Labs

Co-funded by
the European Union
